

Our Children's Plan

Our aim is to provide high quality care and treatment in a relaxed, comfortable and safe environment. We are committed to continuing education and keeping abreast of advances in modern dentistry. Tooth decay is one of the most common preventable diseases and to prevent it requires a commitment of time and effort. With the correct habits, there is no reason why a young person should not have healthy teeth for life. The plan will allow us to plan your child's dental care more effectively and provide the best chance of keeping your child dentally fit.

With this in mind we have joined with DPAS Limited to design a comprehensive dental treatment plan. This plan will be administered by DPAS who will make a separate arrangement with you to manage the convenient monthly payments under the plan. The plan also provides worldwide Supplementary Insurance for dental emergencies or dental injuries whilst at home or abroad (see overleaf) – essential cover for adventurous young people.

Your child's benefits

- the cost of routine dental care is included
- payment by convenient monthly Direct Debit, allowing you to budget
- guaranteed registration with the practice and continuing access to your dentist
- early identification of dental problems to prevent pain, discomfort and inconvenience
- choice of appointment times whenever possible
- priority bookings in the event of a dental emergency
- access to a 24 hour dental emergency helpline 365 days per year
- worldwide Supplementary Dental Injury and Emergency Insurance (see overleaf).

Who is our children's plan for?

Our plan is designed for those parents or guardians who wish their children aged under 18 years to participate in a regular care programme and to budget on a monthly basis.

What does our plan include?

Our plan costs £10.92 per month and covers:

- all regular dental health examinations
- all hygiene appointments including scale and polish and periodontal advice
- all x-rays
- fillings for first teeth only
- extractions for first teeth and orthodontics
- sports mouthguard for technicians fee only
- fissure sealants
- 30% discount on restorative and cosmetic treatment to permanent teeth (excluding technicians fee)
- diet and oral hygiene advice
- extensive preventive advice including diet and oral hygiene advice
- membership card with 24 hour helpline numbers for dental emergencies at home or abroad
- worldwide Supplementary Dental Injury and Emergency Insurance (see overleaf).

How do you enrol your child onto our children's plan?

After an assessment with the dentist, joining is very simple. All you have to do is complete a registration form for us and a Direct Debit mandate and authorisation form for DPAS, on behalf of your child.

In addition to your first monthly payment, an initial registration fee of £10 per child will be payable by you to DPAS and will be included in your first Direct Debit payment.

If you choose to leave the plan for any reason you can do so by simply giving us one month's notice.

What happens in an emergency?

You will have access to a 24 hour, 365 day worldwide dental emergency helpline, which will endeavour to find an English speaking dentist to assist you.

What is excluded from our plan?

Although non-routine services are available from the practice, some items fall outside the scope of the plan and are not covered by the monthly payment namely:

- cosmetic dentistry
- referrals to specialists
- technician's fees
- implants
- orthodontics.

Treatment not covered by this plan can be paid for separately.
