

Our Child Care Plan

Our aim is to provide high quality care and treatment in a relaxed, comfortable and safe environment. We are committed to continuing education and keeping abreast of advances in modern dentistry. Tooth decay is one of the most common preventable diseases and to prevent it requires a commitment of time and effort. With the correct habits, there is no reason why your child should not have healthy teeth for life. Research shows that preventive dentistry delivered on a regular basis greatly reduces the risk of dental disease in children and provides a platform for a lifetime of improved oral health.

With this in mind, we have joined with DPAS Limited to design a dental plan for children. Our Child Care Plan delivers routine dentistry on a regular basis, encouraging good diet and oral health habits in your child's formative years and thereby minimising the need for fillings and extractions in the future. This plan will be administered by DPAS who will make a separate arrangement with you to manage your convenient monthly payments under the plan. Upon joining the dental plan, you will also be eligible to request assistance from the Worldwide Dental Emergency Assistance Scheme for dental emergencies or dental traumas whilst at home or abroad (see overleaf) – essential cover for the rough and tumble of childhood.

Your child's benefits

- the cost of your child's routine dental treatment is included
- payment by convenient monthly Direct Debit, allowing you to budget
- guaranteed registration with the practice and continuing access to your child's dentist
- no need for an assessment – you can enrol your child immediately
- early identification of dental problems to prevent pain, discomfort and inconvenience
- appointment times to suit your child whenever possible
- priority bookings in the event of a dental emergency
- access to a fun and interactive children's dental health website: www.gr8smileclub.com
- access to a 24 hour dental emergency helpline 365 days per year
- eligibility to request assistance from the Worldwide Dental Emergency Assistance Scheme (see overleaf).

Who is our Child Care Plan for?

Our plan is designed for those parents or guardians who wish their children to participate in a regular routine dental care programme and to budget on a monthly basis.

Our Child Care Plan covers:

- two dental health examinations per year
- one hygienist appointment per year
- all necessary routine treatment
- all small necessary x-rays
- necessary fissure sealants of permanent posterior teeth
- dental health education including diet and oral hygiene advice
- membership card with 24 hour helpline numbers for dental emergencies at home or abroad
- eligibility to request assistance from the Worldwide Dental Emergency Assistance Scheme (see overleaf).

Exclusions

Orthodontic extractions, sport mouthguards, large x-rays and non-essential treatments are not covered by the plan.

The monthly plan cost includes the charges for management and administration payable by you to DPAS.

How do you enrol your child on the Child Care Plan?

There is no need for an assessment. All you have to do is complete a registration form for us and a Direct Debit mandate and authorisation form for DPAS, on behalf of your child.

In addition to your first monthly payment, an initial registration fee of £10 per child will be payable by you to DPAS and will be included in your first Direct Debit payment.

If you choose to cancel your child's plan for any reason you can do so by simply giving us one month's notice.

What happens in an emergency?

You will have access to a 24 hour, 365 day worldwide dental emergency helpline, which will endeavour to find an English speaking dentist to assist you.

Any questions?

If you have any questions about our plan, please contact our reception team who will be happy to provide further information and guidance.

Treatment not covered by the plan can be paid for separately. Standard fees apply.

Terms within this brochure are subject to change without notice.

How does the worldwide dental emergency assistance scheme work?

Whilst a member of the dental plan, should you suffer a dental trauma, a dental emergency or be diagnosed with oral cancer you will be eligible to make a request for assistance from the Worldwide Dental Emergency Assistance Scheme. The Scheme responds to such requests on a wholly discretionary basis. This means that, whilst the Scheme aims to provide benefits in most cases, the Scheme has no obligation to provide any benefit unless the Scheme Manager (the person appointed to administer the Scheme) first decides (in its sole and absolute discretion) that the Scheme should provide a benefit. There are some circumstances in which the Scheme is not designed to help (these situations being similar to exclusions under an insurance policy) and these are explained in more detail in the Worldwide Dental Emergency Assistance Scheme Handbook. The Scheme Manager will look at each case individually to assess the request for a benefit. Certain restrictions and limitations may apply in the event that your request for assistance is accepted and it is possible that in some cases the Scheme Manager will decide to provide no benefit.

If your request for assistance is accepted by the Scheme Manager you will be eligible to receive benefit payments from the Scheme in the following situations (up to the limits set by the Scheme and published from time to time):

- ✓ The cost of dental treatment by any dentist up to a maximum of £10,000 for any one incident of dental trauma
- ✓ The cost of:
 - emergency call-outs
 - pain relief or emergency temporary treatment
- ✓ A specified amount for each complete 24-hour period of hospitalisation wholly or partly under the care of a consultant who specialises in dental or maxillofacial surgery
- ✓ A specified amount if you are diagnosed with oral cancer and this is the primary cancer site

You will also have 24 hour access to a worldwide dental emergency helpline.

Please refer to the Worldwide Dental Emergency Assistance Scheme Handbook for full details.
